- Name: WAICY (World AI Competition for Youth)
- Subject area: robotics demo scenarios
- Type: in-person competition using Cozmo robots and the Calypso robotics framework
- Grades: K-12
- URL: ReadyAI.org/waicy
- Creator: WholeRen Education

Description: The World Artificial Intelligence Competition for Youth (WAICY) is a global competition challenging students to create innovative and artistic demonstrations of how artificial intelligence technology can solve real problems. The competition is open to students from age 4 to 20 from all around the world. Each year, the competition has a unique theme. In 2018, the theme was “how to make the world better with AI”.
